30 July 1968

MEMORANDUM FOR: Chief, Support Services Division, TSSG/NPIC

THROUGH : Executive Officer, TSSG

SUBJECT : Site Preparation for the High Precision Stereo Comparator

1. The technical monitor is planning to visit [redacted]

[redacted] on 8 & 9 August 1968. [redacted]

[redacted] consultant will also be present during the visit.

2. [redacted] has prepared preliminary plans for the Clean Room that will house the stereo comparator. These plans will be reviewed at this meeting and requirements firmed up to enable site preparation contracts to proceed on schedule.

3. [redacted] has raised several questions as to the facilities and equipment available in setting up the heavy components of the stereo comparator system. Specifically, they desire information on how the parts can be moved into the room and down to the sunken flooring, the methods of lifting available, and should special features be incorporated into the main frame support for hoists or electric trucks.

4. In order to provide answers to these questions, as well as any other support type questions that may arise and to insure proper coordination with your Division on the site preparation, it is requested that a member of your Division be present at the meeting.

[redacted]  
Chief, Development Engineering Division,  
TSSG
